**Join us at The Future of Aging in Colorado Conference –
attend In Person or Virtually!**

We are inviting Coloradans from across the state to work together to improve the lives of all Coloradans across the life course, now and for decades to come. We will have representatives from non-profit organizations, for-profit organizations, government agencies, and individuals of all ages, assessing where we are today and exploring partnerships to move the aging agenda forward.

We will have presentation from Strategic Action Planning Group on Aging (SAPGA), Colorado Commission on Aging (CCOA), The SCAN Foundation, Colorado State Demographer, AARP Liveability Index, and bill sponsors to discuss the significance of the 2022 modernization of the Older Coloradan's Act. This is a free event compliments of our event sponsors Strategic Action Planning Group on Aging (SAPGA) and The Department of Local Affairs (DOLA).
