

2026 Organizational Membership

BE A LEADER IN THE MOVEMENT FOR AGING WELL IN COLORADO

Your organization is on the front lines of serving older Coloradans. As a Colorado Center for Aging (CCA) member organization, you're not just supporting advocacy. You're leading it. Membership demonstrates to funders, partners, and the people you serve that your organization is committed to improving aging in our state.

WHY BECOME OR RENEW AS A MEMBER ORGANIZATION?

Here's what you gain and how you show up as a CCA Organizational Member:

- **Advocacy Leadership:** Join a statewide coalition advancing smart, equitable aging policy. Your membership signals to funders and partners that advocacy is embedded in your organization's mission.
- **Visibility and Recognition:** Display the CCA Member Seal on your website and materials. Proudly represent Colorado's leading organizations shaping the future of aging and let your funders know you're part of the conversation.
- **Marketing and Partnership Tools:** Access a member communications playbook, including sample language for grant proposals ("Our organization is a member of the Colorado Center for Aging").
- **Community and Collaboration:** Connect with peer organizations and be part of advocacy caucuses and trainings. Strengthen your organization's voice. CCA's seasoned advocacy experts bring decades of experience in successful advocacy and can train your leaders, board, staff, and volunteers to increase your reach.

YOUR \$500 INVESTMENT IN 2026

Membership amplifies your impact by funding advocacy, training, and coalition-building. Together, we show what it means to advocate with and for aging Coloradans.

WHO JOINS

Nonprofits, health systems, senior living organizations, community-based groups, and funders who believe in the power of shared advocacy.
