

2026 Individual Membership

BE THE VOICE FOR AGING WELL IN COLORADO

For more than four decades, the Colorado Center for Aging (CCA) and its members have been a leading voice for aging and older adults in Colorado. We have boldly fought for a future state wherein every Coloradan can age with dignity, purpose, and care. When you join or renew as an individual member, you help ensure that older adults have a strong, unified voice shaping the future of aging in our state.

WHY JOIN OR RENEW?

As a CCA member, you are part of a statewide community driving change through:

- **Learning and Information through our Advocacy Committee Meetings:** Stay informed with access to the latest policy updates, aging caucuses, and our Advocacy Committee Meetings (ACMs). Plus, only CCA Members can vote on our positions about legislative and policy issues.
- **Empowerment through Advocacy Trainings:** Participate in advocacy trainings that give you the voice, confidence, and skills to influence decisions that affect older Coloradans. CCA Members receive discounts on all trainings.
- **Action and Impact through Legislative Caucuses on Aging:** Join our aging caucuses during the legislative session to apply your advocacy skills. Proudly represent CCA's mission and vision before our state's policymakers and proudly represent the voice of Older Coloradans and CCA's mission and vision.

YOUR IMPACT

Your \$50 annual membership strengthens advocacy that improves lives and helps ensure equitable policies for all aging Coloradans.

WHO JOINS

Members include older adults, caregivers, advocates, professionals, and community leaders united by one goal: to make Colorado the best place to age well.

JOIN OR RENEW TODAY!

“I became a CCA member because I wanted my experience — and my voice — to count. Through CCA, I’ve learned how to make real change.” — CCA Member and Advocate

Scholarships are available to make membership accessible for all. Email getinvolved@coloradocenterforaging.org for details.
